Opportunities? (1/3)

0 1 0

- Promote small business
- Need help with the presentation of the town including vacant buildings
- Promoting the historical significance of the town
- Potential hiking trails connecting the town
- Activities for high school kids to gather are limited in Kendall. Need to ask kids what they would like in our town
- Ideas to get Younger families involved in Kendall and the Clubs/available community opportunities that are already here but numbers decreasing
- Development of historic homes
- Empty buildings being utilized and not just sitting and rotting.
- Migratory birds and insects that impact our environment and bring people to view them. Small business opportunities Water for all Lakefront opportunities for tourism Promoting agri-tourism Promoting small and large agricultural opportunities
- Community groups like Lions Club

Opportunities? (2/3)

0 1 0

- No healthy place for young folks to gather.
- Maintain our local volunteer fire department
- We need an alternative to Spectrum
- Welcome to our town committee. Help welcome and retain families
- Water lines, affordable housing. A clean nice looking hamlet. Maintain small town community feeling.
- Housing, lack of growth, nowhere for young families to move in
- Available activities are limited
- World class salmon fishing. Need to grow this. Hunting opportunities. Produce processing business. We had at one time. Great school many want to be in Kendall schools from outside. Housing needs to have more so people can move closer to school and work. Also senior housing so people can age in their community and babysit grandkids.
- State mandates on green energy
- Housing concerns
- State mandates on low income housing

Opportunities? (3/3)

0 1 0

- Lake level issues are impacting accessibility. For example, rock reventments limit resident access or low levels impact marina, near shore fishing

Issues?

(1/2)

009

- Sharing of waterfront and recognizing it as an economical resource
- Sewer line access
- Opportunity for more housing would increase with more public water access.
- School access for community
- Low housing inventory
- Water for all
- Need for more outside funding avenues in order to be able to do more.
- Challenges of commercial vs residential
- use of limited resources
- The hamlet getting run down.
- No new home or places to build new homes. No where for empty nesters and elderly to 'downsize' but still live in their community... which would allow new young families to move into their family homes
- If we had sewer in hamlet we could have more businesses
- Enforcement of codes
- Housing for families
- Biggest issue is roads still having to rely on poor well water,

Issues? (2/2)

009

preventing for the potential of real estate development on those roads.

- Lack of cultural opportunities
- Vacant properties
- Vacant buildings
- Loss of population
- Need more water lines

Assets/values?

(1/2)

0 1 0

- More opportunities to open a business
- Keep large scale solar farms out
- KEEPING LAND PRICES DOWN!!! For housing and farmers to maintain our small town community.
- Great rural school
- Neighbors help Neighbors
- Community will step up and help
- Community gathering opportunities are dwindling for example loss of pickle ball courts.
- Volunteer fire dept
- State funded snowmobile trail
- Outdoor activities. Fishing hunting long walks Our Forests. Lake access
- Quiet, rural, peaceful, variety of environmental niches to promote wildlife
- Churches -however, those opportunities are in jeopardy
- Waterfront
- Great place to have a family. Its small enough that we have community and a safe place to live. We dont want to lose that.
- Small school district Lakefront: tourism potential Agriculture: love

Assets/values? (2/2)

0 1 0

that I know where my produce comes from.

- Community that helps each other out
- Nature. Farmland. Woodlands.
Farm land. School. The small town community aspect.
- Close & friendly community
- Rural character
